7 – 9 April 2021
Seville, Spain

www.evostar.org

evo⁕

The Leading European Event
on Bio-Inspired Computation

evostar⁕ comprises of four co-located conferences run each spring at different locations throughout Europe. These events arose out of workshops originally developed by EvoNet, the Network of Excellence in Evolutionary Computing, established by the Information Societies Technology Programme of the European Commission, and they represent a continuity of research collaboration stretching back over 20 years.

evostar⁕ is organised by SPECIES, the Society for the Promotion of Evolutionary Computation in Europe and its Surroundings. This non-profit academic society is committed to promoting evolutionary algorithmic thinking, with the inspiration of parallel algorithms derived from natural processes. It provides a forum for information and exchange.

The four conferences include:

eurogp⁕
24th European Conference
on Genetic Programming
www.evostar.org/2021/eurogp/

evoapplications⁕
24th European Conference
on the Applications of Evolutionary
and Bio-Inspired Computation
www.evostar.org/2021/evoapps/

evocop⁕
21st European Conference
on Evolutionary Computation
in Combinatorial Optimisation
www.evostar.org/2021/evocop/

evomusart⁕
10th International Conference
(and 15th European event)
on Evolutionary and Biologically
Inspired Music, Sound, Art and Design
www.evostar.org/2021/evomusart/

Important Dates,
Venue and Publication
All accepted papers will be printed in the proceedings published by Springer Verlag in the Lecture Notes in Computer Science (LNCS) series.

Submission Deadline
November 1, 2020

Conference
7 to 9 April 2021.

Venue
Seville, Spain
